

## Bobbie Brainerd

Bobbie became a freelance graphic designer after earning a BFA in Graphic Design.

First in Philadelphia, then in Virginia, she provided full graphics service for non-profits and her work was shown in the Kennedy Center and Internationally.

She began painting after her move to CA in 2000. After corrective surgery in 2014 for bilateral radial neuropathy and slowly losing the use of her hands, her husband encouraged her to “just paint.”

My painting journey has also provided time for the privilege to take care of parents and enjoy my 3 sons’ families and 8 grandchildren.”

She shows her work at the Carmel Valley Art Association Gallery, and is an active member of the American Impressionist Society, National Oil and Acrylic Painters Society and Oil Painters of America, having been juried into national art shows for each group.

She is a member of the Central Coast Art Association and served on that board for a number of years.
